TORTURE TESTING PROVES JEEP-JACK STANDS UP UNDER ROUGHEST SERVICE CONDITIONS!

LIFT-TESTED 40,000 times! Raised
car overloaded to 3,000 pounds
perfectly . . . every time!

SCREW DELUGED BY SLUDGE . . .
with frozen road dirt, salts, grease
and oils . . . failed to impair
Jeep-Jack operation!

STATIC LOAD TESTED AT 7,200
pounds! Five degree tilt equalizes
load distribution . . . meets all
car lifting requirements.

IMPACT TESTED BY SLAMMING
JEEP-JACK against brick wall! No
damage . . . continued to lift
smoothly, easily.
